Description

This 1938 cocktail shaker set from Revere Copper & Brass Co. is hard to find. It consists of the Revere Zephyr shaker, two Empire cups and the Time for a Cocktail tray, both the shaker and tray are marked on the bottom. The cup's bases are green colored and the tray's handles are kind of green and red with a flash picture. The set is in good shape, there is chrome wear to the small spout cap but the shaker inside is clean and usable as shown in the pictures.
