Short Description

Deep cobalt blue and sterling cocktail shaker set.

Description

This is a ca 1930's cobalt blue cocktail shaker with four glasses in the same color and silver stripes. The shaker is a great deep cobalt color as are the glasses with sterling silver overlay of a fox hunt and silver stripes around the top and bottom and marked sterling. The glass is all perfect with no chips or cracks, the shaker is almost like new with glass, sterling and lid, the glasses have a little wear to the silver stripes as shown. Really stunning.
