

Negative Caricature Black Bartender Cigarette Dispenser by Sudre

Availability: In Stock

Price: \$680.00

Short Description

Great vintage cigarette dispenser and holder with black bartender

Description

This is a rare French ca 1920-1930s cigarette dispenser with a black bartender behind a bar shaking a cocktail shaker. The bartender is stamped “Sudre” and “Made in France”. The base is wood with a metal top that slides and the cigarettes pop up because there are springs in each compartment. It is all in nice shape other than some paint on the bartender that looks like it may have been repainted because on my matching cocktail picks the lips are red and these are black. As mentioned before it is very hard to find!
