Price: \$268.00

Short Description

Elegant and super size for the classiest of parties.

Description

This is a gorgeous, huge, 12 inch tall cocktail shaker made by Hawkes ca 1930, 1940. It is in cut glass style with a sterling silver rim, top and spout cap and marked Hawkes Sterling and Sterling as such, seen in the photos. There is a dent in the top and spout and a small crack inside of the shaker as shown, it is one small square and it doesn't leak but this wouldn't be the shaker for you to use but would be beautiful for display or in a collection. The price has been adjusted for the few flaws and it is beautiful.
