Short Description

Beautiful Dragon

Description

This sterling silver cocktail shaker has an applied dragon that is wrapped all the way around the shaker and the whiskers even go over the shaker body and meet with the top. It is very detailed down to the Dragon's scales and it was obviously a military gift as it is inscribed "To capt V. K. Hart from "The Bunch"" and then four sets of initials. It is gold washed on the interior and in very nice shape with a few minor indentations and marked as shown on the bottom.
