Short Description

Henckel's 1920's zeppelin cocktail shaker complete with case.

Description

This is a rare ca 1920's cocktail shaker, almost impossible to find complete like this and with this original carrying case. The condition is very good, the inside surfaces are gilded and no cracks. A minor dent to the top piece as shown and very little surface wear on the silver plated outside. It is complete with the zeppelin consisting of 20 pieces and the case which makes 21, not missing any of the pieces, marked both D.R.G.M. Made in Germany and Germany. The case is leather and it is in nice shape other than a couple of places where the stain is gone..
