**Availability:** Private Collection - Contact to Purchase

**Price: \$680.00**

## **Short Description**

Use the metal insert to make a cocktail and remove it to shake the dice. My collection

## **Description**

The same type as seen in Steve's excellent book, Chuck-A-Luck. Use the metal insert to make a cocktail and remove it to shake the dice. It comes all original and I'm pretty sure unused. It has the original instruction/flier with it as well as the dice. It is really perfect but the dice look like they have darkened with age. My collection
