Short Description
Sterling rooster on an Amber glass cocktail shaker.

Description
This is a ca 1920’s, 1930’s cocktail shaker in amber glass with sterling silver overlays. There is a rooster and silver stripes of sterling at the top and the footed base and it is marked sterling. The top is ground glass for a snug fit of the lid. It is in great shape for this age with no cracks or chips to the glass but the top has most of the plate worn off.
