Short Description
Sterling strainer top with night scene.

Description
This is a ca. 1930’s cocktail shaker by Hawkes Glass Co. It has a whimsical cut glass scene of trees, full moon with a face and an owl in a tree, a fun shaker. It is in great shape with a little water spotting inside and the sterling needs polishing. The strainer top is marked sterling, the small spout cap is also marked sterling but fits loose and maybe not original.
