## Short Description

Great condition cocktail picks and holder with black bartender

## Description

This is a super rare French ca 1920-1930s cocktail pick holder with a black bartender behind a bar with cups, coasters, shaker and what looks like a Magnum bottle. These are all the tops of the picks that fit down into the bar. The bartender is stamped "Sudre" and the bottom of the base wood MADE IN FRANCE. It is all in really nice shape other than some paint loss to the bar only, the bartender's condition is excellent. As mentioned before it is very hard to find!
