Description

This is the Vintage Drink Dialer / Chip Chop by Apex And serves many functions. It is an ice chipper with the prong end being spring loaded, a cocktail recipe handle that turns to give you the ingredients to 9 different cocktail recipes, stir drinks, spear olives from the bottle and a corkscrew when you pull out the bottle opener end. In good shape with minor wear, super fun. I have two, both in about the same shape so if you want to give one as a gift and buy both take \$10.00 off for a total of \$62.00.
