Short Description

Beautiful Color Vintage Bar Picks Holder

Description

This beautifully swirled, Yellow Bakelite or Catalin is in great shape with the only flaw being a small crack in the top left as seen in the last picture and no hook for the recipe book that actually has cocktail recipes in it. It has six picks with four of them topped with booze bottles and all the labels are intact, one with a cup topper and one with a cocktail shaker. It is the "Deluxe Wonder Bar" model.
