Short Description

Intake cobalt blue cocktail shakers set in great condition.

Description

What a fabulous Vintage set this is. It is a bright cobalt blue glass with ridges on all pieces. It is the shaker, six glasses and the ice bowl. No issues with anything, no chips, cracks, rust, or damage to the great, bold red spout cap on the shaker. They all are matching with the stepped cocktail shaker lid matching the bases of the glass and the pattern at the bottom of the ice bowl. The chrome plated base to the glasses and the ice bowl are removable for cleaning the glass. I've seen the shaker and glasses a few times but never the ice bucket, very rare.
