Short Description

Beautiful vintage cocktail shaker set in amber from Czechoslovakia

Description

What a great looking old cocktail shaker set! It has a cocktail shaker and four cups all depicting a fox hunt. The condition is excellent with no chips, cracks or picture wear. The lid has some plate wear which I think is exposure to the elements rather than useage because the set looks unused it even has part of the original label on the bottom. It may be hand painted and is the only one I have ever seen like it.
