Short Description

Absolutely gorgeous and perfect!

Description

This cocktail shaker has a fantastic look to it and I'm pretty sure it is from Paden City. The glass has a color I haven't seen in a cocktail shaker before with a pinkish hue. It has a footed base, a wide, decorated gold band around the top and another gold bond around the footed bottom. The aluminum lid doubles as a juicer when turned upside down. Everything is in perfect condition with no chips, cracks or wear.
