Description

This is the Chase white Doric Cocktail shaker set and it includes 6 Matching White Chase Doric cups all in perfect shape. According to my friend Steve Visakay's wonderful book this set was produced from 1935 to 1941. The shaker and cups are all marked on the bottom, they are all shiny and bright inside and out, one cup has a slight plate loss as shown, the shaker is clean inside but has a dent on the side and one on the top as shown in the photos.
