Great set with hard to find pieces

### Description

This was originally listed in the 1938 Revere catalog. The set consists of the Zephyr shaker, 4 Empire cups and the Hercules tray with both the shaker and tray marked on the bottom. The cups have a green base, and the tray's handles look very dark, almost black but under a camera flash they're more reddish green, see pictures. They are all in good shape with normal wear to the tray, cups and shaker with some plate wear at the bottom of the shaker.
