Short Description

Beautiful set in great condition

Description

This is the coveted Chase Blue Moon Cocktail Shaker set in very good condition. It has the Blue Moon Cocktail shaker and 6 Chase Blue Moon glasses. You know this was one of the oldest made because on the stamped bottom it shows "Patent Applied For"..

According to my friend Steve Visakay's wonderful book this set was produced from 1935 to 1941 but this blue "shot measure ball top" was only made the first year so it's rare and even rarer to still have it blue as most of the ones I have seen faded to a brown color.
