### Short Description

Great old shaker with the recipe cards

### Description

This is a great old ca 1930's ruby red glass cocktail shaker with a holder for recipe cards. The "Cheerio Expert insures a perfect drink! Genuine chromium cap." It is in nice shape with 10 recipe cards that fit into the removable holder, they are each named at the top and show the ingredient proportions based on how many cocktails you are making. Really the only flaw I see at all is a very small split in the small spout cap that is shown in the last picture.
