Short Description

Huge Skyscraper set in deep cobalt blue glass.

Description

This is an almost mint vintage cobalt cocktail shaker set. The shaker is a huge 14" tall and the glasses are each 5" tall and very substantial. They are all in close to new condition with no chips, cracks or dents and the chrome top is shiny and bright. They all have silver stripes and matching ribbed glass for a truly elegant, deco look! The shaker has some very minor wear to a few of the stripes but the cups have no wear to the stripes.
